2013 Neighborhood Roadway Reconstruction Mendelssohn A Neighborhood

Dear Resident:

Some streets in your neighborhood are on a list of roadway reconstruction and utility improvement projects being considered by the City of Edina for the summer of 2013. See the attached map identifying your project area.

Please save the date of **Wednesday, Aug. 8** to attend an informational meeting from 6 to 8 p.m. to learn information about how projects are funded, a typical construction timeline, how you will be impacted and how you can prepare. A meeting reminder will be mailed to you approximately two weeks prior.

Meantime, we'd like to hear from you. The City would like your input regarding key components of the project via the attached questionnaire. Please read the instructions, fill out the questionnaire and return it to us in the enclosed envelope by July 30.

How the City will use your input:

- Your responses help us design the project. Components of a project vary and are based on both the condition of the infrastructure and questionnaire responses.
- Residents pay a portion of the overall project cost in the form of a special assessment. The estimated special assessment for your neighborhood will not be determined until information is gathered from the questionnaires and a feasibility report is completed in early September. You will not be billed for the special assessment until fall 2014. The special assessment is payable over 10 years.
- The special assessment typically includes cost of the new roadway, sidewalk and streetlights. However, sidewalks and streetlights are not included with every project. The questionnaire helps us evaluate need for these items. Other utility upgrades such as water main, sanitary sewer, storm sewer and concrete curb and gutter are funded through the utility fund and are not assessed to property owners.

After we review questionnaire responses, we will continue the project planning process. We will present detailed project plans in October or November, followed by a public hearing in December or January. Construction will begin in spring/early summer and end in late fall of 2013.

If you have any questions, please contact me at 952-826-0318 or cmillner@EdinaMN.gov or Engineering Technician Jamie Cynor at 952-826-0440 or jcynor@EdinaMN.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Chad Millner".

Chad Millner, PE
Assistant City Engineer
